HOW TO USE *this planner*

Moving is stressful - but it doesn't have to be! Here's how to use this Moving Planner for the most organized move EVER.

The pages of this planner are designed to be printed on 8.5 x 11 paper.

These pages are designed with a margin so you can punch holes in the pages and use them in a 3-ring binder or a Happy Planner (or, any other 8.5x11 system you prefer).

You can print these pages back to front, or you can print one-sided if that's easier for you and your printer. I've included a blank lined sheet of paper that you can easily print on the backside of these pages so you won't have any wasted space.

You might want to print out several sheets of the pages you'll use the most (for example, if you're house hunting you might want a bunch of the House Hunting Notes pages!).

If you take this file to a professional printer, be sure to take the Terms of Service to show the printer. Sometimes, print services won't print files unless they see the copyright agreement. You have the rights to print this file for personal use.

Enjoy!

This is a worksheet for children to write down items they want to buy for their new house. The title "THINGS TO BUY" is written in large, bold, black capital letters at the top center. Below it, the phrase "for the new house" is written in a smaller, black, cursive font. The central area of the page is filled with horizontal lines for writing. The entire page is decorated with simple line drawings of houses and buildings, some with windows or doors, scattered around the edges.

The background of the page is decorated with a repeating pattern of simple, hand-drawn house icons in a light gray color. These icons are scattered across the top, bottom, and sides of the page, framing the central text. The houses vary in shape, with some having gabled roofs, chimneys, or small square windows.
